

# POLK COUNTY OBSERVER

VOL. XXIII

DALLAS, POLK COUNTY, OREGON, JULY 25, 1911.

NO. 23

RESOLVED!

**STRAW HATS  
AND LOOSE, COOL  
CLOTHES NOT ONLY  
LOOK, BUT FEEL SO  
GOOD THIS WEATHER  
BUSTER BROWN**

THE STRAW HAT DAYS ARE HERE IN ALL OF THEIR HEAT AND GLORY. PEEP AT OUR DISPLAY OF STRAWS AND YOU WILL FEEL THAT WHEAT WAS MADE TO GROW FOR SOMETHING ELSE THAN MERELY FURNISHING US WITH BREAD. PANAMAS LOOK SO COOL AND MAKE YOU FEEL SO COMFORTABLE BELOW THE ROOTS OF YOUR HAIR. YOUR HEAD WILL BE COOL AND YOU WON'T HAVE TO WORRY BECAUSE SOMEBODY'S HAT LOOKS BETTER THAN YOURS. SUMMER SUITS, TOO AND NEGLIGEE SHIRTS AND LIGHT WEIGHT UNDERWEAR GO WITH THE STRAW OR PANAMA. WE HAVE CLOTHES THAT WILL KEEP MEN AND BOYS COOL.

ALL DRESS STRAW HATS AND ALL MENS OXFORDS AT FIRST COST.

**Dallas Mercantile Co.**

## ELECTRIC SIGNS

The most conservative lines of business find a potent advertising agent in the Electric Sign. An Electric Sign secures the attention of the crowds in the main travelled highways—fixes the store in the mind of the public—dovetails with newspaper advertising and brings trade. Electric advertising is good anywhere but it is a Positive Necessity to a side street location. Ask our New Business Department about INDIVIDUAL DESIGNS. Telephone 24

**OREGON POWER CO.**  
J. L. WHITE, Mgr.

## Open Season For Trout Fishing Now Here

Long recognized as Fishermen's Headquarters for Polk County, we are better than ever prepared to supply your needs.

Rods, Lines, Reels, Leaders  
and the Best Flies on Earth

Baskets to carry the fish in when you catch them

**W. R. Ellis' Confectionery**

**DALLAS' POPULAR GROCERY**

We carry the famous DIAMOND "W" brand of Extracts, Spices, Coffee, Tea and Canned goods. Fresh bread daily. The very best of fruits and vegetables can always be found at our store.

Simonton & Scott

Dallas, Oregon

### WEEKLY MARKET LETTER

Receipts and Sales at Portland Union Stock Yards.

PORTLAND, July 22.—Receipts for the week were: 2177 cattle; 317 calves; 1408 hogs; 8508 sheep; 159 horses, and 125 goats.

The cattle market showed a more liberal supply than in some little time and prices may be said to have gone up. This applies to both cows and steers. Some of the sellers claim that extra good quality steers would have brought \$6.25, the top of the week before, but generally considered the market is 25c lower. Calves sold at full 25c lower, but even at the low market prices cattle are easily \$1.00 higher than any other market in the United States.

A large volume of arrivals in the sheep division had a tendency to take the market down. Lambs that sold at \$5.75 were easily in the \$6.00 quality of the week before. A greater part of the arrivals were not in the market, and some of them went out as feeders.

In the hog division the market advanced 25c. There were very few local hogs, the majority of the receipts having been made up of Eastern shipments.

Subject of interest to the shippers from Idaho and Montana is a stock train on the Oregon Short Line, leaving Pocatello Sundays and Thursdays, to connect with the O.-W. R. & N. special livestock trains from Huntington. This will enable shippers from Montana and Idaho points to ship their livestock on the market on definite days.

The following sales are representative: Steers, \$3.75 to \$6.15; bulls, \$3.50; stags, \$5; heifers, \$5.00; cows, \$4.50 to \$5; calves, \$6 to \$7.25; lambs, \$5.15 to \$5.75; wethers, \$3.75; ewes, \$3; hogs, \$6.75 to \$7.50; horses—bronchos, \$85 each; drafters, \$145 each.

### PENSION AMOUNT IS LARGE

Southern Pacific Disburses Nearly One Million To Its Employees.

Since the inauguration of the pension department of the Southern Pacific Company, January 1, 1903, nearly one million dollars has been voluntarily disbursed among the retired employees of that corporation. The precise amount is \$850,007.70.

The total disbursements for the month of June, 1911, were \$14,010.35. This was divided among 420 men and women, retired employees of the Southern Pacific Company. The total disbursements for the fiscal year ending June 30, 1911, were \$168,000.28.

Since the organization of the pension department the Southern Pacific Company has pensioned 616 of its employees. Of this number 155 were from the operating and train service, 208 from the motive power department, including engineers, 102 from the maintenance of way, 7 from the stores department, 61 from the general offices, 22 from the Atlantic steamship lines and 21 from the ferry and river steamers. Length of service is all that is necessary to secure a pension from the Southern Pacific Company. The employees are not required to contribute anything toward the pension fund, all payments being made out of the general funds of the railroad company.

### NOVEL IRRIGATION SCHEME

Hood River Man Tries Spraying Trees in Dry Weather.

THE DALLAS, Or., July 21.—Dr. G. E. Sanders, who has a large pear orchard on Three Mile Creek, is trying a novel orchard experiment. Because of the intense heat and lack of moisture in the atmosphere, pears have ceased growing. Dr. Sanders proposes to supply moisture by spraying his trees with water each evening after the sun goes down.

His theory is that at this stage of the growth of the fruit it draws 90 per cent of its sustenance from the leaves, and if there is a shortage of moisture in the air the fruit is not supplied with sufficient water, and hence ceases to grow. If by spraying the trees with water, which he believes will be absorbed by the leaves and transmitted to the fruit, he succeeds in growing perfect fruit, he will have demonstrated a new idea in fruit culture.

### Big Hop Business

Crooks Brothers, of Independence, report their hops looking fine. They have 750 acres in hops and expect to have 4500 bales this fall. They have ten hop yards and it took more than a million feet of lumber to build their houses. They expect to pay out this year, for work in caring for their crop, over \$100,000. There are 4000 acres of hops within a radius of six miles of Independence, which will produce this year, if all goes well, 25,000 to 30,000 bales, which from present indications will sell for about \$170,000. There will be paid out here for help \$40,000 to the army of workers. — Independence Enterprise.

### Notice.

Would be pleased to have reported to me for publication Oregonian, any important events, deaths, marriages, divorces, or any other thing of the kind, accompanied by photographs, when possible—report anything that would be of interest to the outside world. Events, such as deaths, marriages, etc., must be reported promptly.

WALTER L. TOOZE, JR., Correspondent.

### Case in Court.

Attorney Ralph Williams, of Dallas, who is making semi-monthly visits to Newberg to plead a case, was in town last Sunday. It is currently reported at this end of the line that he is likely to get a satisfactory verdict without having to take an appeal.

Newberg Graphic.

### DANGER FROM MOTHS

REPORTED OREGON FORESTS THREATENED BY NEW PEST.

Attempts Will Be Made to Check Them By Fostering Native Bird Life.

"The worst devastating insects in the world are said to be gaining a foothold in Oregon. The danger that they accomplish runs into many millions of dollars. These are the gipsy and brown-tail moths. These, with white butterflies and pine beetles would soon destroy the largest forests in the state. The destruction of dollars and cents, than the destruction that can be wrought in a short time by an attack of the gipsy moth."

This statement by William L. Finley, president of the Oregon Audubon Society, is based upon two newspaper reports, one from Tacoma and one from Portland. The former states that the brown-tail moth has infested the Rainier Valley, near Seattle, and that the state commissioner of horticulture has ordered the district affected under quarantine. The latter is in the form of a communication stating that what appears to be the gipsy moth has made its appearance in Southeast Portland.

### Forests Stripped.

When it is realized that entire forests are stripped of their foliage and left as barren as telegraph poles within a few days, that vast areas of timber country are actually destroyed by the attacks of the gipsy and brown moths, it is not surprising that a thorough investigation was made to ascertain whether there be any truth in these rumors.

The gipsy moth was imported into this country for scientific purposes in 1868. While they were carefully kept in captivity for some time, they finally broke away, and within 20 years New England was attacked by them in such numbers that entire forests were stripped in a short time. The legislature of Massachusetts appropriated \$50,000 for their extermination, but to little avail. Within ten years over one million was spent in the work, followed by an appropriation of \$300,000 in one year, yet the gipsy moth was un conquered. The state finally gave up the work and one property owner spent over \$75,000 on his own estate in an effort to stem the fearful slaughter of the trees.

### Destruction Threatened.

It will not take long for the Oregon farmer, fruit grower or timber owner to appreciate the enormity of this fearful destruction, after investigating the failure of the state of Massachusetts. What would happen to these magnificent Oregon forests, should the gipsy moth once gain a foothold? No one can tell, for the financial loss would be greater than could ever result from fire.

It is the experience of the Biological Survey of the Department of Agriculture that the once frightful enemies of the tree invade a timber country, they cannot be destroyed. It is urged that the best that can be done is to check them. If 75 per cent of the total is destroyed, a good work has been done. The scientific checking of this pest is outlined in several bulletins that have been issued by the Bureau of Biological Survey and great emphasis is laid upon the natural check provided by bird life.

### Valuable Birds

The chickadee, nuthatch, bushtit, warbler, sparrow and woodpecker, of the Oregon birds, are known to be the worst enemies to gipsy moths that we have. Many sections of the country have been watched by scientists with the idea of ascertaining to what extent these birds actually feed upon moths. The result has been astonishing. These investigations have demonstrated that these birds have an economical value in the destruction of insect pests in our forests that no one can approximate. Upon opening the stomachs of the birds, it has been found that the principal diet was moths and moths that are detrimental to forest growth. It is a popular belief that birds of certain kinds are destructive to fruit trees, while an analysis of bird stomachs shows conclusively that insect life is their chief food. As a matter of fact the harm that they do, which is slight, is greatly exceeded by the good.

It is estimated by the Department of Agriculture that the damage sustained by insect infestation to the American tree is \$62,500,000 annually. Does anyone dare estimate how much this damage would be increased, were the forest enemies to make Oregon their battle ground? The time to check their advance is now, when it is suspected, they are making this way. The bird life of the state should be loyally protected. These little policemen of the air should be encouraged, safe-guarded and petted, for upon them, to a very large extent, rests the burden of the salvation of the forests of this great state.

### Gopher Gun Mangles Youth.

EUGENE, July 23.—Homer Harby was seriously injured yesterday by the discharge of a gopher gun which he was handling, the charge striking him in the abdomen. As a result of the injury he is lying near death at the Eugene hospital. The gun had just been handed to him by his father, and the boy thought it was unloaded.

### Begin Street Paving.

INDEPENDENCE, July 21.—A crew of men and mule teams arrived here last evening from Portland and work on the street pavement will be commenced in the morning. They will pave Main street first.

### Suspense Plentiful.

Suspense is to be found in a few places around this city, and as it is a valuable article if commerce, we may expect it to be put on the market some time in the future.—Falls City News.

### COPPERTEMPERING LEARNED

Oregon City Man Thinks He Has Solved Lost Secret.

Theodore Granquist, a Finlander, who lives in West Oregon City, brought to the Corvallis office a knife forged from solid copper, which he had hardened and tempered and which served all the purposes which a steel blade serves. The blade was put to tests of wood cutting and the edge held as well as a steel blade.

The tempering and hardening of copper is said to be a lost art, and that the ancients possessed the secret. Mr. Granquist has worked on the process for three years and he claims he has discovered the long-hidden secret. He also showed a small bar of the copper that to all appearances and tests was nearly as hard as steel. He has taken the matter up with the patent office and hopes to realize something from his discovery.

Mr. Granquist is a native of Oulun Lahti, a small settlement in Finland, a would-be Russian agent, and came to this country a few years ago, and can speak but little English. Copper is one of the prominent minerals of the country, and the people there are familiar with it and its many uses.

If his secret process proves successful, great wealth is in store for him, and not only will the name of Granquist live in the annals of history, but the fact of the development of this wonder here in Oregon City, will add much to Oregon's famous old city.—Oregon City Courier.

### FLY WORRIES FRUIT MEN

Pacific Coast Importers to Aid in Fight Against Pest.

SACRAMENTO, Cal., July 21.—To prevent the introduction of the Mediterranean fruit fly into the Pacific Coast States, Horticultural Commissioner Jeffrey has asked the co-operation of Washington and Oregon in the examination of fruit cargoes arriving from the Hawaiian Islands. While the States of Oregon and Washington and the province of British Columbia have not taken so much interest in the exclusion of the fly, which preys upon fruit and trees, as it is not much of a menace so far north, it is thought that action looking to investigation and inspection of fruit shipments, if not a strict quarantine against fruit, will be inaugurated.

Ships from Honolulu land at Vancouver and also at Gray's Harbor, and it will be at these ports that the danger will lie.

Jeffrey said today that while there are not so many fruits in the North which the fly attacks, the danger is always present, so long as a port is open to Honolulu shipments. If once the fly gets on the continent and its spread is not immediately checked, it would in time reach the orchards of this state.

### WINS PRETTY NEWPORT GIRL

Charles E. Lynn and Miss Mabel Rich United in Marriage.

A quiet marriage ceremony was performed in the office of the County Judge Tuesday afternoon at 1:30 o'clock, when pretty Miss Mabel Rich, eldest daughter of Mr. and Mrs. William Rich of this city, was united in marriage to Charles E. Lynn, a former Polk County young man, but who for the past year has resided in this city and has followed his trade as a barber in the shop of the bride's father. The wedding was very quiet, being performed by Hon. Judge C. H. Gardner, in the presence of a few friends. Carl Gildersleeve, deputy County Clerk, and Arthur Allen, of Rickreall, Polk County, and came as a surprise to the many friends of the bride and groom in this city.

The happy couple, amid a shower of rice, left on the afternoon train for Salem, from which place they will come to the city for a short stay. The groom's people at Dallas. Mr. and Mrs. Lynn may return after a short stay in Dallas, but it is rumored that he contemplates going into business in that city. Both Mr. and Mrs. Lynn have a host of friends in Newport and Lincoln County, who will wish them all happiness and success in their new venture.—Newport News.

### Official Commendation.

A. H. Harris, who was a "high man" in the Company H rifle team at the Clackamas state shoot, where he won a total of 228 points, has received a letter from Adjutant General Finzer of the Oregon National Guard, praising the work of the Dallas team in the contest. In speaking of the team, the adjutant general says: "I am particularly pleased with the showing that you have made. I would advise that you give as much time and study as possible to studying conditions affecting rifle firing, and I am convinced that with more practice and experience that you will be up with the leading shots in another season."

### Beautiful Handwork.

A sample of the practical results of the industrial instruction given last year in the Bristol high school is on exhibition in the office of County Superintendent Seymour. It is a cushion cover charmingly executed in stencil, the design being a beautiful spray of crimson roses. The excellence of the work of the Bristol school has already won public commendation, and has earned for it the title of the "model rural school of Oregon."

### Eye Injured.

INDEPENDENCE, July 22.—Earl, the 7-year-old son of Mr. and Mrs. J. D. Reeves, is suffering from severe injuries received while playing with fireworks a few days ago. One firecracker was discharged while in his hand and the lashes were burned from both eyes and one eye seriously hurt.

Legal blanks for sale at this office.

### GREYS PLAY TOWN BALL

LOSE TO CORVALLIS IN SUNDAY'S GAME, 10 TO 3

Loss of Three Players Cripples Local Team and They Lose Interest.

The Greys played townball Sunday on the local diamond and were defeated by Corvallis by a 10 to 3 score. The local team was badly crippled, owing to the absence of some of its best players, and did not put the amount of pep into the game that fans thought it ought to. Barham developed a case of astigmatism in his arm in the fourth inning and couldn't locate the plate. "Peabo" Shaw went in at the beginning of the fifth, but Corvallis took kindly to his offerings during the latter part of the contest. Cooper put one of Billy's twisters over the right field fence for a home run in the sixth.

It is announced that another game with the Corvallis players will be arranged to take place here Sunday, August 6, when it is expected that the Dallas team will be greatly strengthened, so as to be in a position to win back some of the lost honors.

The following report is furnished by R. W. Finseth, official scorer:

Score by Innings.

	1	2	3	4	5	6	7	8	9	Total
Dallas	0	0	0	0	0	0	0	0	0	0
Corvallis	0	0	0	0	0	0	0	0	0	0

### THE SCORE.

	AB.	R.	H.	PO.	E.

### Summary.

Home run—Cooper. Three-base hit—Bilyeu. Two-base hits—Sims, Dilly. Bases on balls—by Barham 7, Shaw 1, Bilyeu 3. Struck out—by Barham 4, by Shaw 2, by Bilyeu 12. Double plays—W. Barham to Boydston to Tooze; Shaw to Boydston to Tooze. Passed balls—Barham. Hit by pitcher—C. Boydston. Sacrifice hits—Dilly, Tripp, W. Barham. Time—2:05. Umpires—Morton and Colbert. Scorer—R. W. Finseth.

### HOP PRICES ARE SOARING

California Crop Short, Foreign Demand Big—35 Cents Predicted.

SACRAMENTO, Cal., July 21.—Hop prices are already soaring and dealers declare they expect to see hops reach the 35-cent mark this season. The highest offer last year was 25 cents, and the average was 17 cents. This year some of the growers have already refused offers of 25 cents.

According to an expert on hops the California crop will not equal that of last year. He says the foreign demand will be greater this year than in the years past. There are very few old hops in storage and the market will be filled with nothing but new hops this year.

In the hop fields near Wheatland, Tehama and Nord, growers are already preparing for the harvest and camps are being prepared for the pickers. Hop-picking machines will be used in the Wheatland fields.

### BURIED AT INDEPENDENCE

Lewis W. Blankenship Dies at Daughter's Home in Eugene.

INDEPENDENCE, July 22.—The funeral of the late Lewis M. Blankenship, who died at the home of his daughter, Mrs. J. M. Stark, in Eugene, Sunday, was held here Tuesday and interment was in the L. O. O. F. cemetery. Rev. H. Campbell Clark, of the Christian Church, conducted the services.

Lewis M. Blankenship was born October 2, 1841, in Fayette County, Illinois. On October 10, 1859 he was married to Jane M. Downs. In 1892 they came to Oregon and he had lived near Independence up to time of his death. His wife died 13 years ago, and the following children survive: Mrs. J. M. Stark, Mrs. W. J. Thompson, and J. G. Blankenship, of Eugene; John, of Goldendale, Wash.; Mrs. W. W. Patton, of Pendleton; Mrs. A. T. Steel, of Suver, Ore.; Zedok, of Salem, and Charles, living in California.

### State Money to Loan.

For the benefit of those who have applied to me during the past two months for state money, this notice is given. I will be in a position to accept applications for amounts not to exceed \$2500 each, from and after August 1, until further notice. Would prefer that application be made between the first and sixth, for I will be absent from the city from the seventh to the sixteenth.

WALTER L. TOOZE, JR.

### Hay Fork Accident.

The first of the usual hay-fork accidents occurred in this city last week at one of the livery barns, when A. N. Thomas, who was handling the fork got his left hand tangled in the prong and three fingers were badly injured.

### NEWS OF PEOPLE YOU KNOW

Comings and Goings as Told by Our Exchanges.

Ira Phillips, of Dallas, was a business visitor to this place Sunday morning.—Monmouth Herald.

Marshall Nott and wife drove to Dallas Sunday morning to spend the day with Mrs. Nott's sister, Mrs. Ira Phillips.—Monmouth Herald.

Amos Holman, of Dallas, was in the city Tuesday on his way to visit his daughter, Mrs. L. E. Olson, who lives on the Luckiamute.—Monmouth Herald.

Miss Emma Kramer took the early motor, Wednesday, for Dallas, to visit her brother, Cal Kramer, who is very sick at that place.—Monmouth Herald.

M. Walker, our hotel man, together with Mr. Thompson, the hotel man at Dallas, went Saturday to visit their relatives, some eight miles from Albany, and returned Monday. You would think that Methodist preachers, by the earnest reports of fried chickens which they are still rejoicing in at this late date.—Independence Enterprise.

Mrs. Connor, of Dallas, is visiting at the home of Mrs. Sarah Evans this week.—Sheridan Sun.

Mrs. Frank Buell, of Long Prairie, is enjoying a visit from her brother and family, Averil Campbell, of Dallas, and his brother-in-law, Earl Graves and family, of Sheridan.—Tillamook Herald.

Fred Comstock, of Dallas, came down to Dundee Tuesday evening to attend the funeral of his mother-in-law, Mrs. Livengood.—McMinnville News-Reporter.

W. S. Gilson and wife, of Bridwell, spent a few days at Dallas last week with their relatives.—Amity Standard.

Ralph Williams, banker, of Dallas, arrived Sunday evening for a day on business.—Newberg Enterprise.

Claude C. Dempsey, of Portland, is visiting the families of T. J. Hayter and H. C. Eakin, at their summer cottage.—Newport Signal.

A. R. Allen, deputy county assessor of Polk County, is in Newport taking osteopathic treatment from Dr. Small for an injury to his neck. Mr. Allen was thrown from his buggy nearly three months ago and pitched onto a clay bank head first, very nearly causing a broken neck.—Newport Signal.

H. Hirschberg, the well-known banker of Independence, is spending a few days at the beach.—Newport Signal.

S. P. Kimball, an extensive Willamette Valley orchardist, accompanied by Mrs. Kimball, is at the Imperial from Salem—Portland Oregonian.

Dr. and Mrs. W. W. Giesy, of Aurora, visited in Salem this week. They are spending the summer on the farm of their daughter, Mrs. Earl Gribble, near Dallas.—Salem Statesman.

Miss Carrie Daneman returned yesterday from a visit with friends at Independence and Dallas.—Corvallis Gazette-Times.

### CAMPMEETING IN PROGRESS

Members of Evangelical Churches Assembled at Quinsay Park.

The preachers and members of the United Evangelical Church opened their annual meeting in Quinsay Park at Quinsay Station, on the Oregon Electric, north of Salem, Thursday evening, the 20th inst. A good congregation assembled in the tabernacle to hear the opening sermon. Dr. C. C. Poling, of Dallas, the presiding officer, preached the sermon, basing his discourse on Acts 2:39. He deduced as his theme "The Model Revival."

Friday evening services consisted of an address by President A. A. Winter of Dallas College, on "Help These Women." Sunday evening Rev. Daniel A. Poling, general secretary of the Ohio State Endeavor Union, delivered a sermon.

Excellent music will be delivered. Two quartets have been organized, a male and a mixed quartet. Miss Laura Poling, of Dallas, an excellent soloist, is present and assists, says the Salem Statesman.

Excellent music will be delivered. Two quartets have been organized, a male and a mixed quartet. Miss Laura Poling, of Dallas, an excellent soloist, is present and assists, says the Salem Statesman.

Excellent music will be delivered. Two quartets have been organized, a male and a mixed quartet. Miss Laura Poling, of Dallas, an excellent soloist, is present and assists, says the Salem Statesman.

### HEAT BREAKS PIPE LINE

Sheridan's Reservoir Empty, Causing Temporary Water Famine.

SHERIDAN, Or., July 22.—The recent hot weather has caused the joints in the pipe line which leads from a large mountain spring ten miles north of here, to bulge and separate to such an extent as to allow a large amount of water to escape. The pipe in the city's water supply line is wooden and very susceptible to heat.

A few nights ago the large reservoir which contains the city's water supply was empty and it was feared a bad fire would break out with no protection. The city has rejoined the water patrons of the city to observe hours for sprinkling, and a large force of men is at work mending the pipeline.

### Quicker Service.

INDEPENDENCE, July 21.—It is understood that the Oregon Electric Railroad company has practically obtained the right of way along the east bank of the Willamette River for the extension of the road to Albany and Southern Oregon points. There is talk of making a station two miles below Independence. In this event, Skinner Brothers will discontinue their boat service to Salem and will run both boats between here and the station, meeting all trains, which will require 12 trips a day.

### Enjoyed Motoring.

Mrs. Ben Hayden, who is one of the most highly esteemed pioneer women of Oregon, had the pleasure of taking her first automobile ride yesterday. She went over the valley about 40 miles, and was the female on some of her ladies making hay, and then, happily enjoyed the experience.—Salem Journal.

### Saturday Special—Market.

We make prompt delivery to any part of the city. The Day Market.

### New Telephone Manager.

The Home telephone operating in Independence and vicinity, has been sold to Clyde E. Giesy, of Portland, who will take possession of same.—Independence Enterprise.

### GUARD AGAINST FIRE

FOREST WARDENS WARNED TO EXERCISE GREAT CARE.

Dry Season Now at Hand and
